1. The Central Vegetable Oil Machinery Repair Shop Co. (Növényolaj-ipari Központi Gépjavító Vállalat) Drégely ut 8, Budapest, has now become a war plant. This factory, which previously manufactured and repaired presses and filters, has now been turned over almost entirely to the production of 7.62 mm. bullets and mechanisms (feeders) for infantry rifles.
2. As far as can be ascertained, airplane engines are not manufactured in the Rakosi works on Csepel Island; but the Dishes Factory and the Tractor and Machine Factory (on Csepel?) are manufacturing cylinders and other components of airplane engines.
